

BURNING PERMITS WITHIN VILLAGE LIMITS

The Blacks Harbour Fire Department would like to remind residents of The Village of Blacks Harbour that burning permits are required prior to conducting any burning of grass, brush or like materials. A permit must be issued first by The Department of Natural Resources and Energy after which, The Fire Department must issue a permit.

The Blacks Harbour Fire Department may be contacted at 456-4877 if further information is needed with respect to obtaining a burning permit. The Department thanks you for your co-operation in this matter."

Further information pertaining to this media release can be obtained if necessary from Mike T. Chase at 456 2517 or via e-mail mtcmusic@nb.sympatico.ca
